

Sheet Metal Workers' International Association  
Local No. 28 Retirees' Club  
195 Mineola Blvd. Mineola, NY 11501

September 2014

Presidents Message

Dear Brother and Sister Members:

I hope everyone enjoyed the summer. It seems as we get older, or is it "younger", they fly by faster and faster.

The Retiree's Club got together a few times; at our Golf Outing and the annual Family Picnic, both of which had a very nice turnout. It was nice to see some "old" tin knockers there that don't ordinarily make the club's meetings. Thank you to everyone who helped make it a success.

I received some comments and emails from some members stating that they would like some more information on the status of our union. Anytime we hear anything of importance, we will try to relay the information. Unfortunately, we are still under International trusteeship for some bogus reasons that most of us are not aware of, and there have not been any union meetings for quite some time. It seems as though all members, both active and retired, are being shut out of participation in the democratic process and from participating in discussions on matters pertaining to our union.

Enclosed is a flyer with contact information for different government agencies that may be helpful to you regarding medical and prescription plans and Social Security.

This year's Holiday Party will be on December 2, 2014 at the Westbury Manor. More information to follow.

Just a reminder, dues must be current in order to participate in club meetings and functions. Please check your current dues card to see the month you are paid through.

Fraternally,

*Freddy Amato*
